

FRIMSTONE

Supplier of Quality Assured Aggregates *Ltd*

Carrstone – Snettisham Quarry

Snettisham Quarry is located on the A149 King's Lynn to Hunstanton Road just north of Snettisham Village, at the north end of the Snettisham Bypass.

The red Carrstone material is the natural iron rich building stone used regionally and is characterised in the local architecture.

Carrstone is dug, crushed and screened to offer sub-base and various graded and single sized materials in the following sizes:

125mm, 75mm and 50mm Single size

125mm, 75mm and 50mm "down"

Carrstone Fines

Rockery Stone

Facing Carrstone

We supply block stone to a local craftsman producing facing stone for renovation of property in North West Norfolk.
