

## Environmental Policy Statement

At Frimstone Ltd and AEC Ltd our main business is aggregate extraction and transport, together with vehicle maintenance. We are committed to extracting and supplying a wide range of construction materials and delivering high quality, professional quarrying, transport, plant hire and vehicle maintenance services.

In recognising that our work in these areas may impact the environment, we are committed to reducing this impact wherever possible, through:

1. Ensuring an ongoing level of management that is appropriate to the nature, scale and environmental impacts of their activities, products and services;
2. Continual improvement and prevention of pollution;
3. Complying with relevant environmental legislation, and with other requirements to which the organisation subscribes;
4. Providing the framework for setting and reviewing environmental objectives and targets;
5. Ensuring that the policy is documented, implemented, maintained and regularly reviewed;
6. Communicating the policy to all employees;
7. Making the policy available to customers and the public.

Gary Bell  
Managing Director
